DETAILED ACTION

Examiner's Amendment

1. An Examiner's Amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 C.F.R. §1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the Issue Fee.

2. Authorization for this Examiner's Amendment is not required due to obvious error in the clean copy of claim 8.

3. The application has been amended as follows:

In Claim 8 of the **clean copy of the claims**, change "claim 7" to – claim 1--.

This correction brings in agreement applicant(s) clean copy of the claims with the corrected copy of the claims.

Reasons for Allowance

4. Claims 1-6 and 8-20 are allowed.

5. **Examiner's Statement of Reasons for Allowance:**

Applicant(s) invention relates to a power distribution system, and more specifically, to a control scheme for a multiple generators power distribution system.

The system has multiple generators driven by engines connected to a grid, each of the generators has means for detecting electrical parameters for control and means

for controlling generators, as required. One of the generators is a master unit with a system for accumulation information for the controls.

There are inventions in the field that provide similar functionality and/or have similar features, as prior art of record shows. Applicant(s) invention differs from the prior art of record by the combination of the control means, which were interoperated by the examiner as disclosed in the specification and shown on the drawings, which are performing as disclosed and claimed, and which examiner's search failed to find.

6. Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant(s) disclosure.
